To Whom it May Concern,  
I benefit from listening to XM Satellite Radio and its traffic and weather channels. XM satellite radio provides variety and quality that are not available elsewhere in the same timely manner. As a consumer, I pay for these services and do not appreciate the NAB trying to dictate what I am permitted to hear. I strongly urge that the FCC reject NAB's petition 04-160 and that it support XM's ability to provide the programming that I demand, deserve and PAY for!!

Sincerely,

MJH
